RSFZ PRESENTATION

Dear reader who is a friend of photography, it is a great joy for the Real Sociedad Fotográfica de Zaragoza (RSFZ) to offer you this catalog of the exhibition of the 99th International Photography Salon, convened in 2023.

Beyond the information reflected in the numbers that appear on these pages, we must express our satisfaction for having carried out the effort with an extraordinary level of quality of the participations. The images you will see attest to this.

We thank the jury for their great work in selecting the award-winning photographs, Antonio Morón, who served as Chairman of the Salon, and the rest of the RSFZ members who have collaborated to carry out the contest and the exposure.

Our gratitude goes to the Ibercaja Foundation for its sponsorship and the Patio de la Infanta exhibition hall, which have made this exhibition possible in an incomparable setting and with a high level of quality in production.

And don't forget that next year, on its centenary, the Salon will be even better. Do not miss it

José Ignacio García Palacín

President of the Real Sociedad Fotográfica de Zaragoza

The first century of a luminous adventure

The Royal Photographic Society of Zaragoza (RSFZ), which is no less than 101 years old, is one of the leading institutions of the city and Aragon and its International Photography Salon, the oldest in the world, has maintained its validity throughout of history, so that the present exhibition in the Patio de la Infanta is the 99th edition.

For Fundación Ibercaja it is an honor and a satisfaction to be able to collaborate once again with the Royal Photographic Society of Zaragoza to bring the award-winning images to society in a space as representative and so full of history as the Patio de la Infanta, located in the Ibercaja headquarters building in Zaragoza.

Photography, an art already consolidated and present naturally in museums, has also become the most popular and accessible art, and this facility, sponsored by technology, increases the value of the discipline and the interest in knowing and learning from top. In this context, the trajectory of the RSFZ, always as attentive to new developments as it is careful with tradition, converges with the Ibercaja Foundation's mission of preserving and disseminating art and heritage within its commitment to the improvement and development of the society as a whole.

The exhibition of this 99th edition is made up of 69 awarded photographs at the International Photography Salon in Zaragoza; They are proposals from 18 countries, including Australia, China, the United States, Vietnam, Croatia, Italy and England, which proves that both the capacity to attract people and the roots of the event obtain a wide response and arouse maximum interest. . In this edition, 234 authors from more than 40 countries have contributed more than 3,700 photographs.

The photographs show the Gold, Silver and Bronze Awards, as well as the two honorable mentions in each of the six categories of the contest: "Nature", "People", "Creative", "Travel", "Color" and " Monochrome". In addition, there is a special section dedicated to the "Blue Pin", which this year has been awarded to Jorge Ruiz Dueso from Zaragoza, who has a brilliant international career and was awarded the National Photography Prize in 2021. The "Blue Pin" is a recognition that is granted to the photographer with the greatest number of works awarded and accepted in the contest. The exhibition has also shown old cameras, posters and brochures that mark the centenary history of the entity and help to understand the evolution of this universal passion for capturing people, moments, places and sensations in a unique way.

As demonstrated in this catalogue, which includes the award-winning works that make up this exhibition, their quality and originality, as well as their varied origin, more than justify the effort of calling and organizing a competition that, in addition to being endorsed by the tradition is renewed at the pulse of the times and therefore consolidates its prestige throughout the world.

Ibercaja Foundation, paying attention as always to its founding principles and values, once again supports this magnificent long-range initiative, both in time and space, and is pleased with the sustained success – which as it celebrates its first century is revealed to be incessant. – of the Royal Photographic Society of Zaragoza, as well as the contest it organizes and the public response. This catalog establishes and attests to this luminous adventure that, around the boundless field of photography, has been preserved in Zaragoza and has been transmitted to the entire world.

El primer siglo de una luminosa aventura

La Real Sociedad Fotográfica de Zaragoza (RSFZ), que cumple nada menos que 101 años, es una de las instituciones señeras de la ciudad y de Aragón y su Salón Internacional de Fotografía, el más antiguo del mundo, ha mantenido su vigencia a lo largo de la historia, de manera que la presente exposición en el Patio de la Infanta es la edición número 99.

Para Fundación Ibercaja es un honor y una satisfacción poder colaborar una vez más con la Real Sociedad Fotográfica de Zaragoza para acercar a la sociedad las imágenes premiadas en un espacio tan representativo y tan lleno de historia como es el Patio de la Infanta, ubicado en el edificio de la sede central de Ibercaja en Zaragoza.

La fotografía, arte ya consolidado y presente con naturalidad en los museos, se ha convertido también en el arte más popular y accesible, y esta facilidad, auspiciada por la tecnología, aumenta el valor de la disciplina y el interés por conocer y aprender de los mejores. En este contexto, la trayectoria de la RSFZ, siempre tan atenta a las novedades como cuidadosa con la tradición, confluye con la misión de Fundación Ibercaja de conservar y divulgar el arte y el patrimonio dentro de su compromiso en la mejora y el desarrollo de la sociedad en su conjunto.

La exposición de esta 99 edición la componen 69 fotografías premiadas en el Salón Internacional de Fotografía en Zaragoza; son propuestas procedentes de 18 países, entre los que se encuentran Australia, China, Estados Unidos, Vietnam, Croacia, Italia o Inglaterra, lo que acredita que tanto la capacidad de convocatoria como la raigambre del certamen obtienen una amplia respuesta y suscitan el máximo interés. En esta edición 234 autores procedentes de más de 40 países han aportado más de 3.700 fotografías.

Las fotografías muestran los Premios de Oro, Plata y Bronce, así como las dos menciones de honor en cada una de las seis categorías del certamen: “Naturaleza”, “Gentes”, “Creativa”, “Viajes”, “Color” y “Monocromo”. Además, hay un apartado especial dedicado al “Pin azul”, que este año se ha otorgado al zaragozano Jorge Ruiz Dueso, quien cuenta con una brillante trayectoria internacional y fue Premio Nacional de Fotografía en el año 2021. El “Pin azul” es un reconocimiento que se concede al fotógrafo con un mayor número de obras premiadas y aceptadas en el certamen. La exposición ha mostrado también cámaras antiguas, carteles y folletos que jalonan la historia centenaria de la entidad y ayudan a entender la evolución de esta pasión universal por fijar de una forma única personas, momentos, lugares y sensaciones.

Como demuestra el presente catálogo, que recoge las obras premiadas que conforman la presente exposición, la calidad y la originalidad de las mismas, así como su variada procedencia, justifican con creces el esfuerzo de convocar y organizar un concurso que además de estar avalado por la tradición se renueva al pulso de los tiempos y por ello consolida su prestigio en todo el mundo.

Fundación Ibercaja, atendiendo como siempre a sus principios y valores fundacionales, apoya una vez más esta magnífica iniciativa de largo alcance, tanto en el tiempo como en el espacio, y se congratula del éxito sostenido –que al celebrar su primer siglo se revela como incesante– de la Real Sociedad Fotográfica de Zaragoza, así como del certamen que convoca y de la respuesta del público. El presente catálogo fija y da fe de esta luminosa aventura que en torno al inabarcable ámbito de la fotografía se ha preservado en Zaragoza y se ha transmitido al mundo entero.

Nací en Zaragoza en agosto de 1973, ciudad en la que viví hasta el año 2000, momento en que me trasladé a Madrid. Estoy casado con Esther y somos padres de dos hijas, Natalia (2002) y Patricia (2006). Soy militar del Ejército del Aire desde el año 1994 y militar de carrera desde el 2004. Mi especialidad es Informática, desempeñando funciones relacionadas siempre con las TIC.

En relación a la fotografía, soy aficionado desde hace más de 30 años, siempre de manera autodidacta, tanto en la toma como en el procesado (desde la era digital). Me ha interesado desde siempre la fotografía de paisaje, tanto urbano como natural, disfrutando de esta actividad especialmente en momentos crepusculares y durante la noche. Unido a otra de mis pasiones como es viajar, me ha permitido conocer muchos de los rincones que los fotógrafos de paisaje tenemos como auténticos paraísos (Islandia, Canadá, Estados Unidos, Marruecos... y por supuesto, España).

Desde 2016 he tenido la suerte de ganar diversos premios. Los más importantes han sido, en especial, el Premio Nacional de Fotografía de la CEF en 2021. En 2022 me alcé con el primer puesto de la VII Liga de la Confederación Española de Fotografía (y primer puesto en categoría Arquitectura). Otros premios importantes han sido 2 FIAP Blue Pin en el Circuito Ibérico (2020 y 2022), FIAP Blue Pin Trofeo Internacional Torretes de Calella (2023), FIAP Blue Pin en el Trofeo Internacional Sant Just Desvern (2023), Trofeo Hotusa Eurostars (2023) y el FIAP Blue Pin 99 Salón Internacional de Fotografía en Zaragoza (2023) con 15 obras seleccionadas.

Así mismo, pertenezco a la asociación Miradas de Ceuta, de la cual he conseguido hacerme con la Liga Social en tres ocasiones.

I was born in Zaragoza in August 1973, the city where I lived until 2000, when I moved to Madrid. I am married to Esther and we are parents of two daughters, Natalia (2002) and Patricia (2006). I have been a soldier in the Air Force since 1994 and a career soldier since 2004. My specialty is IT, always performing functions related to ICT.

In relation to photography, I have been a fan for more than 30 years, always self-taught, both in shooting and processing (since the digital era). I have always been interested in landscape photography, both urban and natural, enjoying this activity especially at twilight moments and at night. Together with another of my passions such as traveling, it has allowed me to get to know many of the corners that landscape photographers have as true paradises (Iceland, Canada, the United States, Morocco... and of course, Spain).

Since 2016 I have been lucky enough to win various awards. The most important have been, in particular, the CEF National Photography Award in 2021. In 2022 I won first place in the VII League of the Spanish Confederation of Photography (and first place in the Architecture category). Other important awards have been 2 FIAP Blue Pin in the Iberian Circuit (2020 and 2022), FIAP Blue Pin Trophy International Torretes de Calella (2023), FIAP Blue Pin in the Sant Just Desvern International Trophy (2023), Hotusa Eurostars Trophy (2023) and the FIAP Blue Pin 99 International Photography Salon in Zaragoza (2023) with 15 selected works.

Likewise, I belong to the Miradas de Ceuta association, from which I have managed to win the Social League on three occasions.

INSIGNIA ESPECIAL RSFZ / RSFZ SPECIAL PIN

Mi comienzo lo puedo datar en mi estancia en el ejército, hace 43 años, con una cámara Praktica analógica, de la que no me separaría hasta que llegaron las digitales. Mi afición me llevó a ingresar en la RSFZ, aumentando mi afán por la fotografía gracias a los concursos, lo que conlleva realizar cursos para manejar todas las disciplinas: reportaje, macro, retrato, etc.

I can date my beginning in my stay in the army, 43 years ago, with an analog Praktica camera, from which I would not part until the digital ones arrived. My hobby led me to join the RSFZ, increasing my desire for photography thanks to the competitions, which entails taking courses to manage all disciplines: reportage, macro, portrait, etc.
